TECHNICAL SKILLS

- HTML5/CSS3/SASS/Tailwind
- Responsive/Adaptive design
- JavaScript/TypeScript
- React
- Data Visualization - D3
- Redux/Redux Toolkit/Query
- REST API
- Webpack/Vite
- Node.js
- MongoDB, Mongoose
- Express
- JWT, Passport

LANGUAGES

- Ukrainian - Native
- Russian - Native
- English - B2
- Polish - A2

PROFILE

I have a strong technical competence in Fullstack development with a focus on JavaScript, React, and Redux for the frontend, and Node.js, MongoDB, Express for the backend.
My experience includes participation in the development of charitable projects, as well as leadership role in team and active involvement in project architecture. I possess skills in managing repositories on GitHub, deploying applications, and providing accurate time estimates for tasks.
